

SAFETY ORIENTATION – Read by Patrol Prior to 1st Run – Guest Signs Back!

Thank you for joining us. We want you to **have FUN**, but most importantly we want you to **enjoy a SAFE experience**.

This is NOT a guided experience!

You are on your own once you depart the cat.

Stay In-bounds & on Cleared Trails. This is NOT an out of Bounds Experience!
Ski with a buddy(s) and maintain visual contact. Carry a whistle.

Attach ski ribbons to your ski brakes as an aid in locating a lost ski(s).

Watch for road cuts, burn pile mounds, downed trees & other unmarked obstacles. These are not marked but exist on this Semi Developed Terrain.

Be aware & stay away from Tree Wells by giving all trees a wide berth.

We suggest you download the **Airflare App** <https://airflare.com/> - link also available on our website. Become familiar with the App prior to arrival.

Consider carrying an Avalanche Beacon. Utilize the Lookout Pass Beacon Training park in advance of your visit to become familiar with its operation.

We suggest you carry a backpack with shovel and probe, water, extra gloves, goggles, an energy bar and use ski straps to hold your skis together for the ride up in the basket.

Are we clear where the group will meet the groomer for your next run?

Groomer Departs from Parking Lot precisely at: 8:30 to head to Eagle Peak.

Groomer will shoot to be at pickup point at: **9:30, 10:30, 11:30, AM & at 12:30 PM** for the morning ½ day session participants.

1:30 PM departure is for those wanting to pay \$30 for a single Cat Ride.

Groomer will leave at above designated times. If you're late - you will wait!

NOTE:

Any out-of-bounds Search & Rescue may take up to 24 hours to begin!

This is why we ask that you stay on open trails, and not venture into the trees or beyond the boundary.

Last Ride on Chair 2 is scheduled for 3:30 pm.
